

Joint Family Support Assistance Program JFSAP

Regional ReachOuts

What are Regional ReachOuts?

It is a way for Military Families - and those who care about them - to come together. It is place and time to "Meet & Greet" your neighbors who also wear the uniform and learn from each other. From time-to-time specific topics are chosen by the Facilitator or when requested by you, the Military or Family member. There is strength in numbers and sharing the military experience is empowering! We look forward to having you join us! Children are welcome.
